# THEIR STORY

## Paul | according to Nankam

Paul is truly a kind hearted soul, my safe space and where I can fully be myself.. He is sincere, faith-driven, and confident-maybe 'Cocky' is the right word. Excellent in every role he fills! He's somehow my biggest stressor and my favorite stress reliever at the same time and he lights up every room he walks into..

## Nankam | according to Paul

Graceful, kind, and radiant. Nankam carries warmth wherever she goes. Her compassion, intelligence, and joyful heart makes it easy to love her.

She plays too much and loves the idea of love and romance a little too much.

## ❖ BASICALLY

What began as a simple banter among friends blossomed into a journey of true friendship, laughter, growth, and faith. While working together on projects in church, Paul lost all gangsta-ness and fell in love. Through seasons of a hard chase, Nankam saw beyond the tough guy and today, Paul and Nankam have discovered that their hearts beat stronger together.

# DANCE RECEPTION

A black and white close-up portrait of a woman's face, which is mostly in deep shadow, creating a moody and mysterious atmosphere. Overlaid on the image are several large, semi-transparent white words: 'PARTY' appears five times in different sizes and orientations (rotated vertically and horizontally). In the bottom right corner, there is handwritten text in a cursive script: 'Toss x 3' on top of 'mardi'.
